
Rated power	1.5Kw
Rated voltage	220V
Rated rotating speed	24000r/min
Rated frequency	400Hz
Rated current	5.6A
Grease-type bearing	2X7002C 2X7002C
Cooling method	Air cooling
Rotating mode	Both rotation counterclockwise and rotation clockwise from the shaft extension end are available
Weight	4.0kG

Wiring description

Pin	4-pin socket
1	U frequency converter phase
2	V frequency converter phase
3	W frequency converter phase
4	Wiring ground
